

Forewood Hall

A Dream of a place.

Forewood Hall is by idea a delightful place to hold your public, private or corporate event, be it a conference, concert, party or reception.

Set in remarkably secluded grounds, with no neighbours to disturb, it provides every facility you could want for your occasion.

The centrepiece is the old manor house, behind which are the stable yard and the gardens which can accommodate your guests.

The Old Barn

is our main events venue. Seating up to 150 it is a flexible space that can be used for almost any type of indoor function, from a concert to a reception.

The Stable Bar

is located near the Old Barn and next to the reception lounge. Together they provide a comfortable area for your guests to relax before, after or during an event.

The Seminar Room

leads off the reception lounge and is ideal for smaller groups of people, or as a side room for larger gatherings. It is suitable for both business and social events, and has its own entrance if used separately.

The Garden Conservatory

is set facing the main lawn of our extensive and delightful gardens. It can be used for both indoor and outdoor events. It can seat up to 60 people, and is licensed for weddings.
